- HTML5
- CSS3
- JavaScript(ES6+)
- React.js
- ContextAPI

Database
MySql

Styling
- TailwindCSS
- Bootstrap
- Sass

Devops
- Docker

Tools
- Git
- GitHub
- Postman

APIs & Authentication
- RESTAPIs

Projects

Faircoupons, *Tech Stack*: *Next.js, TailwindCss* 12/2025 – 02/2026

- Faircoupons is a web-based platform that provides users with the latest deals, discounts, and coupon codes across various categories.
- Built as users to allow easily browse, search, and apply coupons to save money while shopping online.
- The application enables users to explore a wide range of discount offers, view coupon details, and access real-time deals through API integration.

Belief Hospitals — Healthcare Website 09/2025 – 10/2025

- Developed a modern and responsive healthcare website UI using **React.js, JavaScript, and Tailwind CSS**.
- Designed and implemented reusable React components for different sections and pages of the hospital website.
- Integrated **REST APIs** to dynamically fetch and display hospital-related information.
- Implemented interactive forms and user-friendly interfaces with proper validation and error handling.
- Focused on clean component structure, reusable UI elements, and consistent styling across the application.

Hrms (Human Resource Management System), *Tech Stack*: *React.js, Tailwind CSS, REST APIs, JWT* 03/2025 – 06/2025

- Developed a comprehensive HRMS platform to automate employee management, payroll, recruitment, and performance tracking.
- Designed role-based modules for Admin, Teachers, Students, and HR personnel.
- Built a dynamic fee structure and real-time payment tracking with automated receipt generation.
- Ensured secure login and data flow using JWT Authentication and RESTful APIs.

Gruhapandittutions, *TechStack*: *React.js, TailwindCSS, RESTAPIs, JWT* 10/2024 – 03/2025

- Developed and scaled a tutoring platform connecting 10,000+ tutors and students, enabling 5,000+ successful matches.
- Optimized real-time interactions supporting 2,000+ group sessions and 1,500+ one-on-one tutoring sessions.

AWARD

Frontend Developer Contribution Award, *Company*

- Awarded for outstanding contributions as a Frontend Developer, recognizing excellence in building a scalable tuition platform using React.js, TailwindCss, and RESTAPIs. Acknowledged for enhancing user experience, optimizing performance, and collaborating effectively with the backend team to ensure seamless functionality.
